

Whitewood ^{16th}
Saturday August ~~30th~~, Noon

OVER 30 YEARS OF KICK ASS SOUTHERN ROCK! That's right, over three decades of down south jukin'. The members of the Whitewood band have played in front of Skynyrd themselves in an international tribute band, hosted by Simple Man Productions. Artimus Pyle (the original Skynyrd drummer) has sat in with the Whitewood band at the famous "SuperSunday" Motorcycle rally in Connecticut. Also they have shared main stage with the Outlaws, Molly Hatchet, Blue Oyster Cult, Jefferson Starship, and many other national acts. Whitewoods Motto, "If its too loud, your too old," still rings all these years.

The bands makeup: Tommy (the wild samoan) Taggart: Lead Guitar. Tommy (smooth dick) Saunders: Drums. Larry (the hatchet) Corrow: Bass. Colby (the throat) Lewis: Guitar, Vox. Fast Finger Phil Mcardle: Keys, Fiddle. From the first chord in "Desperado" to the screeching fiddle in "Souths Gonna Do it Again" to the very last note in "Freebird," Whitewood has non-stop energy from the moment they command the stage. "These Guys Are Awesome," boasts Biker Magazine. "Played every benefit, poker run, biker rally, you name it!" quoted I-95 Radio "Second Largest audience attendance just behind Eddie Money at the City Center Concert Series!" said City Center Music Director
